

[Citizenimage](#)

Sell your images on Citizen Image and earn 50% of net proceeds. Citizen Image allows photographers to upload images from a mobile phone or computer. They proactively market images to editorial, creative and media buyers to speed up sales. Photographers can also earn money from buyer assignments and picture requests.

Payment method: check, PayPal
Minimum payout: \$50

[123 Royalty](#)

[free](#)

Sell your photos on 123 Royalty Free and earn 50% of net proceeds from each photo downloaded. Earn 15% of revenue when someone you refer buys credits or subscribes to 123rf. Refer photographers and earn 10% of the price of each of their photo downloaded, as well as a free complimentary credit.

[Spymac](#)

Spymac.com is a media-sharing network that pays for original pictures, short films and audio files. They run daily and monthly jackpots and share revenue among contributors who upload the best content. The system depends on ratings, total comments, total views and total revenue of each upload to determine who gets a share of the jackpots. Members also receive a share of their referrals' winnings at the end of the month.

Payment method: check
Minimum payout: \$25

[Shareapic](#)

Shareapic.net allows members to share unlimited pictures and earn money. They pay \$0.22 per 1000 image impressions or views. Members can also make money from Google ads displayed in their picture galleries.

Payment method: PayPal
Minimum payout: \$20

[Istockphoto](#)

Photographers earn 20% of royalties or up to 40% if eligible for exclusivity. To apply and upload photos at iStockphoto, photographers are required to upload a piece of government issued identification. Photographers also have to submit 3 sample images for review. iStockphoto will send a notification of their decision via email. Free Membership. Permalink
